Alyamitech

Pumps & Water Heater Supplier

Ali Manea Alyami Trading Est. (Alyamitech), established in 2017, has grown into a trusted name for pumps and heating solutions across Saudi Arabia. With a strong commitment to quality and service, the company delivers reliable products tailored to meet the needs of residential, commercial, and industrial sectors. Its reputation is built on partnering with leading global brands that bring innovation and performance to every project.

The product portfolio features world-renowned names such as Grundfos, providing advanced residential and commercial pumps, Calpeda with robust industrial and commercial pumping systems, and Wilo, known for dependable general and fire pumps. To further strengthen its offerings, Alyamitech also works with Alaman, a specialist in fire pump solutions that meet stringent safety standards.

Beyond pumping solutions, the company provides comprehensive heating and hot water systems. This includes Zenith and Ariston water heaters, TML calorifiers, and ProHydro heat pumps, each engineered to deliver efficiency, reliability, and long-term performance.

By combining premium brands with technical expertise, Alyamitech offers complete solutions that support projects of every scale, providing comfort, safety, and performance with unmatched professionalism.

Air Source High Temperature Heat Pumps

Aguman Heat Pumps deliver advanced, eco-friendly heating solutions for residential, commercial, and industrial needs. With high-temperature water output, durable Copeland compressors, chlorine-resistant exchangers, and intelligent protections, they ensure reliable, efficient, and sustainable performance across diverse applications.

Aguman Air Source High Temperature Heat Pump delivers powerful, energy-efficient heating with water temperatures up to 70°C. Featuring a reliable Copeland compressor, chlorine-resistant heat exchanger, and smart controls, it provides durability and consistent performance. Designed for residential, commercial, and industrial applications, it ensures sustainability, reliability, and long-term efficiency.

ProHydro

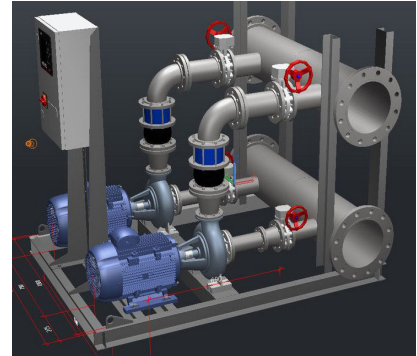

by AGUAMAN

ProHydro Heat Pump by AGUAMAN provides efficient heating with 12.7–190 kW capacities, delivering water up to 75°C. Featuring Copeland scroll compressors and chlorine-resistant exchangers, it offers eco-friendly reliability.

With safeguards like high/low pressure, anti-freeze, and overload protection, it ensures safe, durable operation for commercial and industrial needs.

Skid Pumps & Customized Pump Solutions

Alyamitech provides high-quality Packaged Skid Pumps and Customized Pump Solutions in Saudi Arabia. Designed for efficiency and reliability, our solutions cater to diverse industrial needs, ensuring enhanced performance, durability, and seamless integration for demanding applications across various industries.

Saudi Aramco E-Reference No. 0014316

Registration Approval Letter

September 01, 2025

Attention : ALI MANEA AL YAMI TRADING EST.

CR Number : 2050121966

Supplier Type: Service Provider Only

Country : Saudi Arabia

We are pleased to inform you that ALI MANEA AL YAMI TRADING EST. is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10067450, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Faisal Hamad Al Dossary, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com

Services BMS & HVAC Solutions

Alyamitech Team undertakes BMS projects and we have qualified engineers to implement the projects. We can also install, test, calibrate and commission all the materials we sell and through this service we provide Premium and Quick solutions.

Heating, Ventilation, and Air Conditioning (HVAC) are technology products important for the climate control of indoor environment. HVAC solutions are utilized in industrial plants, residential units, vehicles, industrial equipment and many more application. HVAC installation, testing and usage have to be done through following adequate guidelines provided by the manufacturers. Certification and calibration needs to be checked ensure the quality of instruments and equipment adhere to ISO and other quality certifications.

ISO Certified Products

Alyamitech strives to provide ISO and industry standard certified products for our customers. Winters Instruments company has ISO 9001:2008 Certification for provision of Industrial instrumentation for the measurement of pressure and temperature. Flamco Group providing range of products on air separators, air vents, expansion vessels, fixing technology products has ISO 9000:2015 certification on design, assembly, commission and supply of sealed system equipment and flue pipe, Supply and assembly of Flamco industrial support systems.
